WORK EXPERIENCE

Sandwich Artist

Subway Breda De Krogten | 2025 January -

Unity Developer

Sakari Games | Antwerpen, Belgium | 2024 July - 2024 October

- Developing a AR/VR training simulator for the Belgian police in Unity. I created a scenario editor used for weapon safety training, which involved reliable anchoring, object placement and network synchronisation

Intern

Sakari Games | Antwerpen, Belgium | 2023 September - 2024 July

EDUCATION

Game Development BSc

Breda University of Applied Sciences | 2018-2024

Here I learned the ins and outs of game programming in C++, with a focus on working in small to medium-sized teams. I released multiple games to Steam during my study.
